

EVENTS CONDUCTED

- A 1 day Seminar on “Quality Environment and Safety at Renewable Energy Sectors” on 24th March 2025.

- All the year EEE students were taken to a 1 day Industrial Visit to ISRO Mahendragiri where they witnessed the Satellite and Launching Vehicles on April 3rd 2025.

- 5 Days Online FDP was conducted by our EEE department from 17th to 21st February 2025 in the topic “Frontier in Electrical and Electronics Engineering: key technology and applications”. 110 Participants around India participated in the event

- EEE department symposium EBULLIENTEEE 2K25 was conducted on 17th April 2025.

The Electrical and Electronics Engineering Department organized a one day Career Guidance Session on “Introduction to ETAP-Power System Studies” on 12 th May 2025

- The department of Electrical and Electronics Engineering organized a Workshop on “LV, EV and HV Services” on 21st February 2023.

- The department of Electrical and Electronics Engineering organized a Workshop on “General safety awareness” on 3rd April 2023

- The department of Electrical and Electronics Engineering organized a Symposium on May 11, 2023

- The department of Electrical and Electronics Engineering organized a Hands on Training on “Bridging the gap: Industry 4.0” on 29th February 2024

- The department of Electrical and Electronics Engineering organized a Seminar on “Insights to Artificial Intelligence and Machine Learning” on 28th March 2024

- The department of Electrical and Electronics Engineering organized a Symposium on April 17, 2024

- The department of Electrical and Electronics Engineering organized a Workshop on “CAD for Electrical Engineers” on 7th November 2024
